一、下载 Download

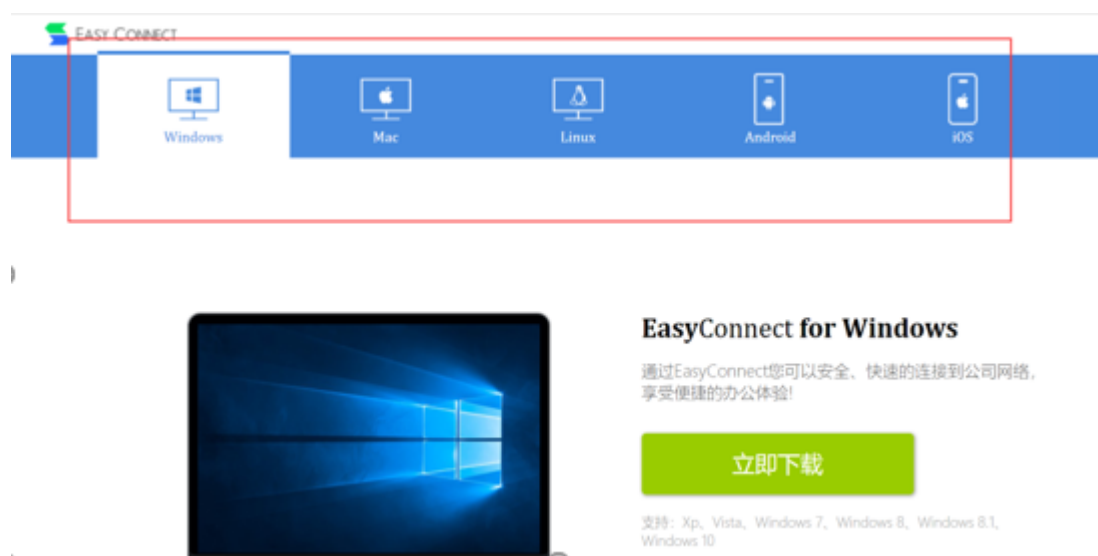

1、PC 端(For PC)

A. 上海海洋大学师生首次使用 VPN 系统时，应登录

<https://vpn.shou.edu.cn> 下载 VPN 客户端软件 EasyConnect。

A. As the first time using the VPN system, teachers and students of Shanghai Ocean University should visit the website

(<https://vpn.shou.edu.cn>) and log in to download the VPN software *EasyConnect*.

请根据操作系统的类别来选择适合的安装组件。

Choose and download the appropriate installation according to different types of operating system.

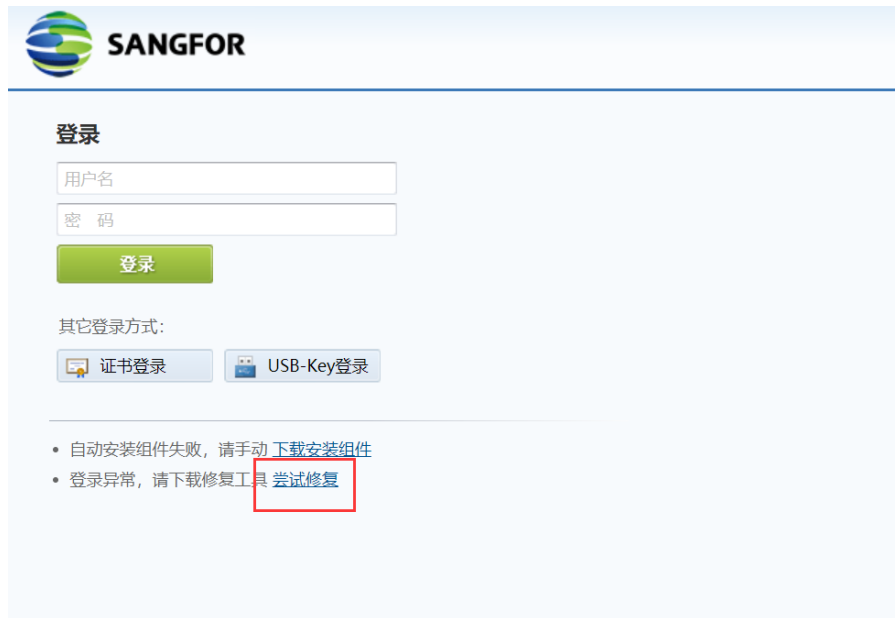

B. 如果页面没有自行跳转下载页面，需手动点击【下载安装组件】。

B. If the page does not pop to the page of downloading, please manually click the button of 下载安装组件[download the installation component] in which it is pointed out below.

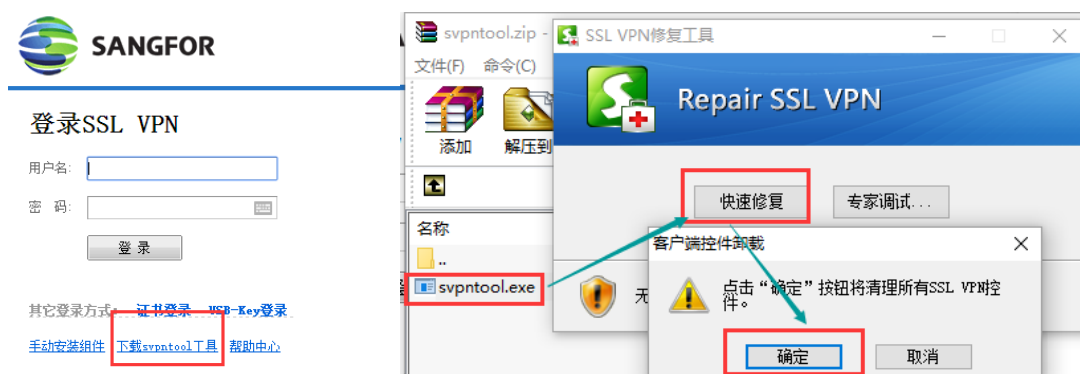

C. 安装完成后, 如发生 EasyConnect 登录异常或不能访问校内资源, 可以点击【尝试修复】

C. After the installation is complete, with any log-in exception of EasyConnect or failures to access on-campus resources, please click the button of 尝试修复[Have a try to fix].

下载 svptool 工具, 打开压缩包, 双机 svpntool.exe, 在弹出的 SSL VPN 修复工具上点击【快速修复】, 该工具会卸载掉已安装的组件, 然后重新安装即可, 如下图:

Download the svptool tool, open the compression file bag and double click the file named by *svpntool.exe*. Then click 快速修复[Quick Fix] on the ejected window of SSL VPN repair tool to uninstall the installed components and re-installs them as the picture shows below:

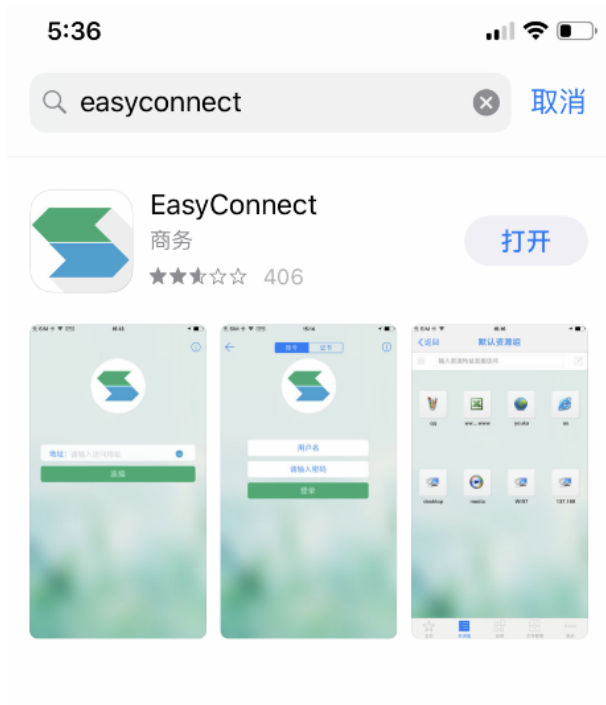

注意事项: 在校园网内不支持 VPN 登录, 即无法使用以上网址下载使用 VPN 插件。

Notes: VPN login is not supported on campus network, that is, users cannot use the above URL to download and open VPN plug-in.

2、移动端

可至 Android 应用市场或 App Store，搜索 EasyConnect（下图以 iOS 系统为例），下载并安装。

Please go to the Android app marketplace or IOS App Store, search EasyConnect (take iOS as an example like the below picture shows) and download for installation.

二、使用(How To Use)

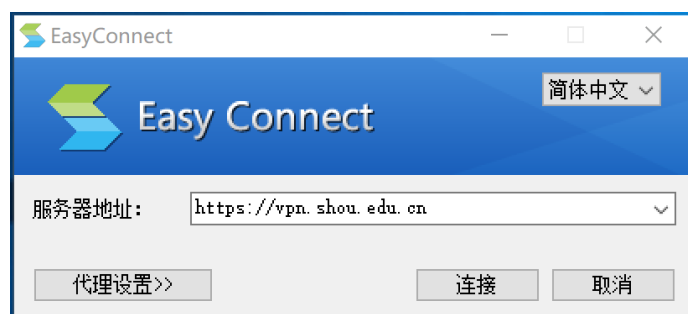

1、PC 端(For PC)

A. 运行 EasyConnect, 在服务器地址栏中输入以下网址：

<https://vpn.shou.edu.cn>, 点击【连接】。

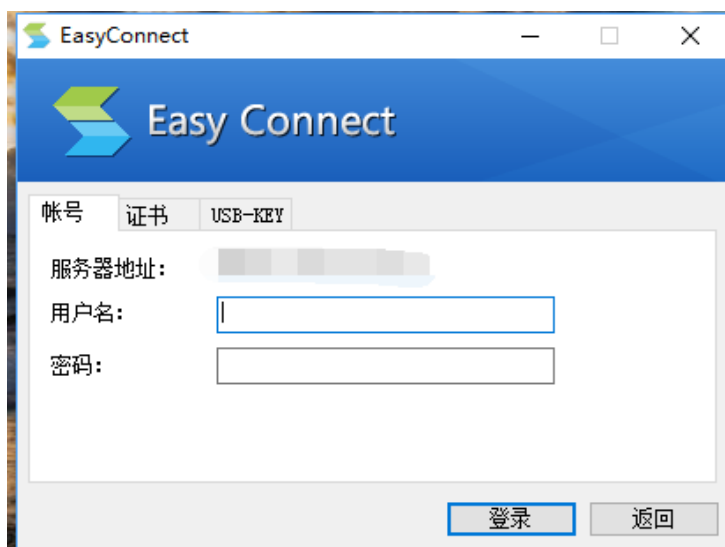

A. Run EasyConnect to enter the following URL in the server address bar:

<https://vpn.shou.edu.cn>, and then click on 连接[Connect].

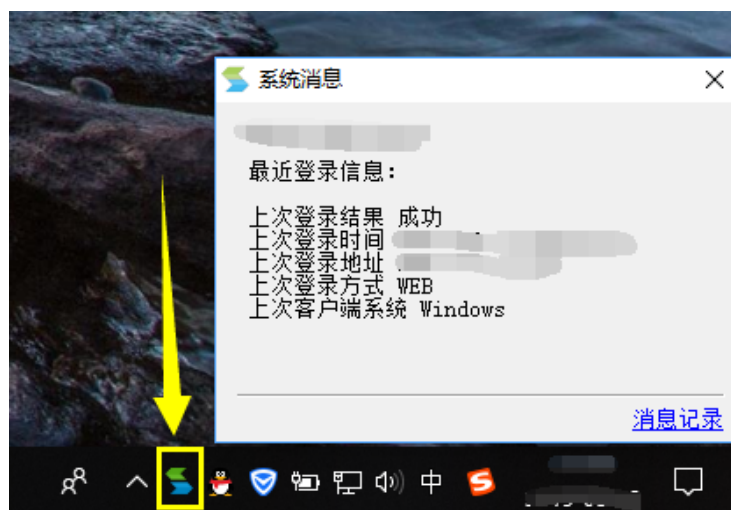

B. 出现下图，表示 VPN 已正常连接，进入身份认证阶段，请输入学校统一身份认证平台的账号（工号，首字母大写）及密码，点击【登录】。

B. The following screenshot shows that the VPN has been connected normally and enter the authentication stage. Please enter the **account number** (work/student number with the first capital letter) and password given by the university and click on the button 登入[log in].

C. 认证成功后, 屏幕右下角会有登录提示及 EasyConnect 小图标显示, 此时可以访问校内各信息系统及图书馆资源。

C. Once certified a login prompt and EasyConnect icon will appear in the lower right corner of the screen, which will provide access to the information systems and library resources on campus.

2、移动端(For Mobile)

A. 运行 EasyConnect, 并输入地址 `vpn.shou.edu.cn`, 点击【连接】。

A. Run EasyConnect to visit the website of vpn.shou.edu.cn there and click on 连接[Connect].

B. 请输入学校统一身份认证平台的账号 (工号, 首字母大写) 及密码, 点击 **【登录】**。

B. Please enter the account number (work/student number with the first capital letter) and **password** given by the university and click on the button 登入[log in].

C. 如下图所示，代表已认证成功，请保持 EasyConnect 后台运行，此时可以访问校内各信息系统及图书馆资源。

C. As shown in the figure below, it means a successful certification. Please keep EasyConnect running in the backstage and then access information systems and library resources.

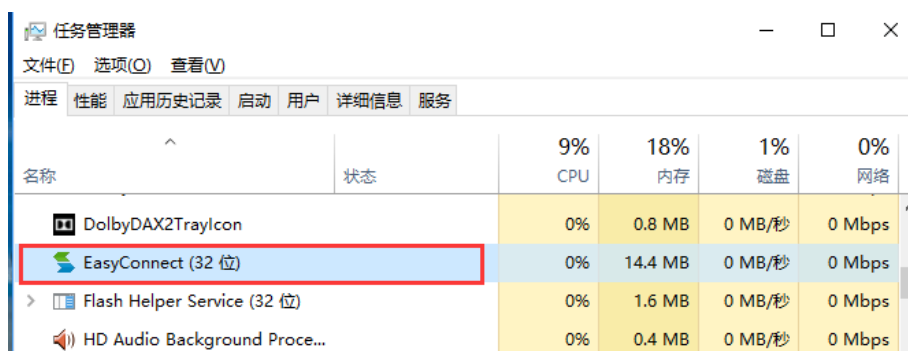

三、退出登录 Sign Out

1、PC 端(For PC)

右键桌面右下角 EasyConnect 小图标，点击 **【退出】** 或者在进程管理里找到 Easyconnect 并右键 **【结束任务】**。

Click the Exit[退出] button of EasyConnect icon in the lower right corner of the desktop. Or find Easyconnect in Process Management and right-click 结束任务[End Task]

2、移动端(For Mobile)

彻底关闭 EasyConnect 应用（即后台任务也关闭）或者在网络设置中断开 VPN 连接（以 iOS 系统为例）。

Shut down the EasyConnect app completely (i.e. backstage tasks are also turned off) or disconnect the VPN connection from the network settings (take iOS system as an example).

注意事项 Precautions

1. EasyConnect 的账号密码若无法登陆，需登录综合服务平台修改登录密码，然后使用新密码登录 EasyConnect 使用 VPN 服务。

If EasyConnect's account password doesn't work, you will need to log in to the platform of university to change your password (<https://www.shou.edu.cn/>), and then use the new password to log in to EasyConnect and use the VPN service.

2. 使用 VPN 服务须遵守《上海海洋大学 VPN 服务条款》。

The use of VPN services is subject to the Shanghai Ocean University VPN Terms of Service.

3. 没有 VPN 使用需求时，请断开退出 EasyConnect，勿长期占用校园信息资源。

When there is need to use VPN anymore, please disconnect from EasyConnect and do not occupy campus information resources for a long time.
