

## Courses Detail and Application Procedures

### Course Name

Communication in Japanese -Free online Japanese Course for partner universities-

### Introduction

Communication in Japanese is a free and non-regular Japanese language course offered by Mie University for students of our partner universities. Unfortunately, Mie University had decided to cancel acceptance of exchange students in April 2021 due to the spread of COVID-19, but we are going to start an online Japanese course so that you can experience learning at Mie University even a little.

We hope that you will be more interested in the Japanese language, Japanese culture, and Mie University through this course.

### About the Courses;

- We have set three courses depends on the levels to give opportunities to all Japanese level students. Please see the attached files for the details of the lessons for each level.
- The duration is different for each level, but all the lessons are held every Tuesday of the spring semester from 14:40 to 16:10 in Japan Standard Time.
- We use Zoom for the courses. The URL will be sent to the applicants directly about one week before start of each course.
- No textbooks are required for any course, and the teacher will distribute them as needed.
- On the last day of each course, students can interact with Mie University students in Japanese.

### Notes on the Course;

- Since these courses are not a regular class at Mie University, we will not issue grades or certificates of completion.
- Only one course can be applied for by each person.
- We do not set the maximum number of participants, but we may adjust the number of participants for operational reasons. In that case, priority will be given to those who were scheduled to become exchange students at Mie University from April 2021.
- All classes will be held on every Tuesdays from 14:40 to 16:10 in Japan Standard Time, so please note the time difference.
- The Zoom URL can be used only by participants and is strictly prohibited from sharing with others.

### How to Apply;

- Documents to be submitted: Applicants List

The person in charge at the partner university should organize the applicants within the university and create an Applicants List. Applications from the student himself / herself will not be accepted.

- Application Deadline: Friday, March 26, 2021  
The deadline is common to all courses (Basic, Intermediate and Advanced courses)  
Please be sure to fill in the applicant list as there is an entry field for the course desired to attend.
